

## Optional Accessories

Optional Sealed Remote Control. Rain or shine, the operator functions can be controlled via the remote control.

Optional Cables. The Stalker II has several optional power cables.

Mounts. The Stalker II can be dash mounted (with or without handle) in the police vehicle or can be mounted on motorcycle handle bars.

Holster. Allows the Stalker II to be safely and securely carried on motorcycle patrol.

## Intuitive User Interface with Faster Speed Tracking.

The backlit display presents an intuitive user interface with clear messaging and control buttons. It features LCD display windows for Strongest Target, Faster Target, and Patrol Speed (in moving mode) with direction arrows that indicate the direction of travel for both the strongest and faster targets.

## Intelligent Charger Protects Batteries.

The Battery Handle Charger operates using either the 120 VAC wall adapter or an optional 12 VDC cigarette plug cable.

## STALKER II brings patented Direction Sensing technology to a hand-held.

Stalker II can automatically distinguish between faster or slower same-lane targets in moving mode without a slower key and can simultaneously track targets closing and going away.

## Quick Lock-and-Release Battery Handle Design.

The detachable handle system allows the operator to swap battery handles in seconds.

MODEL FEATURE	STALKER II SDR	STALKER II MDR
Moving mode	NA	Standard
Automatic Same Lane mode (no slower key)	NA	Standard
VSS operation	NA	Standard
VSS Moving/Stationary modes auto switching	NA	Standard
Removable rechargeable Battery Handle	Standard	Standard
Waterproof down to 2 ft of water depth	Standard	Standard
Rugged but lightweight Die-Cast metal body	Standard	Standard
Stopwatch mode	Standard	Standard
Directional sensing	Standard	Standard
Strongest and Faster display in all target modes	Standard	Standard
Faster Target Lock in all target modes	Standard	Standard
Software upgradeable	Standard	Standard
Video interface connector	Standard	Standard
Battery Handle Charger	Standard	Standard
Cordless Remote Control	Optional	Standard
Dash Mount operation	Optional	Standard
Motorcycle operation	Optional	Optional
Motorcycle Holster	Optional	Optional
Wired Remote Control	Optional	Optional

# STALKER II

## Rear Display

**TRIGGER** – Press the trigger to transmit and release the trigger for hold. A push (to transmit) push (to hold) operation is optional. The trigger is used in stopwatch mode to perform the start/stop function.

**MENU** – is used to enter the operator menu.

**STA/MOV** – selects stationary or moving mode in the **MDR**. Not used in the **SDR**.

**▲/TEST** – ▲ sets distance in stopwatch mode and increments settings in the operator menu. **TEST** performs a diagnostic check on the radar.

**LIGHT/▼** – **LIGHT** switches the backlight on and off. **▼** sets distance in stopwatch mode and decrements settings in the operator menu.

**LOCK/REL** – is used to **LOCK** and **RELEASE** strong speed targets.

**BOTH/DIRECTION** – This key is used to select target direction.

**POWER** – toggles the main power ON and Off.

## Full-Function Remote Control Adds to Stalker II Versatility

The Remote Control provides direct access to the operator settings that can also be accessed in the Operator Menu.

**▲** – is used to set distance in stopwatch mode and to increment settings in the operator menu.

**STRONG LOCK/REL** – is used to lock and release strong targets.

**MENU** – is used to enter the operator menu.

**XMIT/HLD** – toggles between transmit mode and hold mode.

**SS** – is the **Start/Stop** control for stopwatch operation.

**STA/MOV** – selects either stationary mode or moving mode.

**FAST LOCK/REL** – is used to lock and release faster targets.

**▼** – is used to set distance in stopwatch mode and to decrement settings in the operator menu.

**BOTH / DIRECTION** – is used to select target direction for both stationary and moving modes.

**SEn/100** – **SEn** adjusts the sensitivity (range) of the radar. **100** is used for setting distance in stopwatch mode.

**SQL / 10** – **SQL** toggles the squelch control on/off. **10** is used for setting distance in stopwatch mode.

**PS 5/20 / 1** – **PS 5/20** is used to set the minimum patrol speed. **1** is used for setting distance in stopwatch mode.

**TEST** – Press **TEST** to perform a diagnostic check on the radar.

**[[[▶]]]** – is used to adjust the doppler volume and the beep volume.

**PS BLANK** – will blank a locked patrol speed and it is also used to reacquire a new patrol speed.

**LIGHT** – activates the remote backlight for 6 seconds.

**STALKER Offers  
Complete Solutions  
for Your Traffic  
Enforcement Needs**

**Stalker Basic**

A Low Cost, Hand-Held Police Radar

**Stalker Dual**

A Full-Featured, High Performance Radar Available with One or Two Ka-Band Antennas

**Stalker DSR**

The Ground-Breaking Police Radar that Introduced Direction Sensing Technology

**Stalker DSR 2X**

Two DSR-Class Radars in One Unit, Plus Rear Traffic Alert For Officer Safety

**Stalker Lidar**

An Affordable Hand-Held Laser Unit Ideal for High Congestion Areas

**Giant Display Boards**

Stalker Produces a Full Line of Giant Displays That Attach to Any Stalker Radar System

**Stalker Vision VHS**

Setting the Standard in Law Enforcement In-Car Video

**Stalker Vision HI8**

Digital Tape Reliability in a Compact Overhead Package

**MADE IN THE U.S.A.**

The Stalker II is covered by one or more of the following United States Patents: 5,563,603; 5,570,093; 5,525,996; 5,565,871; 5,528,245; 5,691,724; 6,198,427 B1; 6,501,418 B1; 6,580,386 B1; 6,646,591 B2; 6,744,379 B1 and Other United States Patents

Specifications are Subject to Change.

**STALKER II MDR  
Moving Directional Radar.**

Stalker II can be dash mounted with or without its handle.

**Industry Leading Service and Support**

Stalker Radars are well known for providing the newest technology and the highest performance in the industry. Moreover, Stalker is known as the stand-out leader in service and support.

- A Nationwide Network of Representatives to Assist You
- A Nationwide Network of Authorized Service Centers
- Lease-Purchase and Rental Plans with Low Monthly Payments
- 48-Hour In-House Turnaround on Repairs

**STALKER II**

STALKER II SDR - Stationary Directional Radar  
STALKER II MDR - Moving Directional Radar

**Legendary Stalker Performance**

The range and performance of a car-mounted radar in a versatile, hand-held package.

- Direction Sensing capability in a hand-held package – but, can also be dash mounted.
- Small, light, die-cast metal case.
- Easily tracks smaller, faster targets among stronger target signals.
- True waterproof case ensures it will survive all conditions.

**Don't risk your department's reputation and traffic safety program on anything less than a Stalker II.**
